HENDERSON'S GIANT HYBRID AMARYLLIS
Illustrated above in natural color. Flowers 8-12" in diameter
(See page 20 for full description.)

Henderson's

Owned and Operated by
William H. Henderson

Former Assistant to
Luther Burbank

EXPERIMENTAL GARDENS

ROUTE 5, BOX 22 FRESNO, CALIFORNIA, U. S. A.

PERUVIAN DAFFODIL

(See Above Photo)

Bulbous plant, producing for many months throughout the summer flowers resembling Amaryllis. Very sweet scented, and splendid for cutting purposes. Stems 18" long. Flowers are white in color, and are excellent keepers. Plant almost evergreen. 25c each; \$1.50 per dozen. Not less than 12 at this rate. Prepaid. Blooms from June to October. Proving very popular.

Burbank's Hemerocallis Calypso

Day Lily flowers averaging 5" across and are a glorious shade of deep lemon yellow. Grows 4 feet high. Blooms from spring to fall. Plant in full sun or partial shade. Pronounced by experts to be one of the finest of all day lilies. 50c each; \$3.00 per dozen.

Wm. H. Henderson's New "Giant Orange" Hemerocallis — Flowers are very large deep orange covered with a gold dust sheen. Flowers are of a heavy substance and petals very wide. Comparable in width of petals and size to some of the Amaryllis hybrids. \$1.00 each. Plant is 30" in height.

Hemerocallis Fulva Maculata—Cadmium yellow in throat with dragon's blood red in an arching band through the center of the bloom. The outer portion of the petals is veined with red. \$1.50 each. Enormous flowers.

New Hemerocallis "Margaret Perry"—Height 50". Cornelian red flowers with bright yellow star at throat that continues to the tips of petals as a stripe. \$1.00.

Hemerocallis (Double Orange)—50" high. A beautiful double flowered day lily. Gorgeous orange colored flowers that last two days on the plant as against one of ordinary varieties. Hard to beat. 35c each; 3 for \$1.00.

Hemerocallis "Hyperion"—One of the newer Day Lillies. Produces flowers of richest citron yellow and of largest size. Highly rated and desirable. 75c each.

TO MY FRIENDS AND PATRONS

In presenting this catalog, I wish to thank my customers for their continued patronage and appreciation of my efforts. You may be assured that at all times the same high quality of the past will be maintained.

LANDSCAPING DEPARTMENT

We are well equipped to handle all branches of this service. Bring or write your planting problems to us for suggestions.

TERMS

Cash with orders or in advance of shipment. U. S. Postage stamps accepted for amounts under \$1.00 only. No plant orders accepted for less than \$1.00.

SALES TAX

California customers please include 3% extra for California State Sales Tax.

GUARANTEE

I exercise every care to ship only first class stock and will at all times endeavor to satisfy my customers in every way.

Zinzibar officinale "Wild Ginger"—Grows to 5-6 feet high. Flowers very large to 4 inches in diameter. Pure white very fragrant. Grow in sun for best results. Fall flowering. 50c each.

Watsonias

(See Above Photo)

Bugle Lilies—A South African bulbous plant similar to a gladiolus in foliage and bloom. Flowers produced in great abundance; as many as 50 have been counted on a single spike. Does not have to be replanted each year as do gladiolus. They increase in size and beauty each year. Valuable for planting in front of shrubbery to add color to the landscape. Especially valuable as cut flowers as they bloom early in April. I offer 4 varieties: Rose-pink shaded with salmon, light rose-pink, pure white. These are \$1.50 per dozen. (All large flowering varieties.) "Lavender Queen." New largest flowered variety in my collection; beautiful sparkling rose-lavender. 50c each.

Crinum "White Queen"

This beautiful variety was produced by crossing tropical species with an American native plant. Each plant bears many stems that carry large clusters of 25 or more flowers that are 5 inches in diameter. Very fragrant, and increase in size and beauty each season. Plant in full sun or partial shade. Large bulbs. Each \$3.00; offsets \$1.00 each. Bulbs when full grown frequently weigh from 8 to 15 pounds each.

Iris Japonica—The Orchid Iris

Gigantea—A beautiful orchid-like iris, imported from the Orient. Flowers medium size, white with yellow throat heavily dotted with ring of bright blue dots. Each petal is heavily fringed or laciniated. Grows to 3 feet in height, with beautifully varnished foliage. Valuable for shady or half shady locations. Plant carries as many as 40 flowers on a single flower spike. The most orchid-like iris in flower, shape and color. Likes moisture. 50c each; 3 for \$1.00; 12 for \$3.00.

GLADIOLUS

(Above photo taken in our test grounds)

I have been deeply interested in the improvement of gladiolus for many years. Hybridizations are made by the thousands yearly to improve this flower. I can supply any of the following colors: Rose pink, deep pink, salmon, white, scarlet, chamois, begonia rose, orchid, orange, yellow, shrimp pink, cream, spectrum red, apricot, and flesh pink. Large size bulbs 50c per doz; \$1.50 per 50; \$2.00 per 100.

LILIES

Lilium Tigrinum "Flore Pleno" — A double flowered Tiger Lily of remarkable beauty. The addition of more petals makes this superb variety far more graceful and interesting besides being a stronger grower, and a much better keeper when cut. Very easily grown in part shade. Height 5 feet. You will enjoy this rare and beautiful lily. Bulbs \$1.50 per dozen or 25c each.

Lilium Tigrinum (Tiger Lily)—Grows 4-5 feet high. Large 5" flowers of a beautiful orange red color with black dots. Tips of petals recurved. \$1.00 per dozen; 10c each.

Lilium Henryii—(The orange speciosum) Large orange yellow flowers on stems 4-6 ft. high. Plant 6" inches deep in shade or partial shade. One of the most beautiful of all lilies and very easily grown. 20c each. \$2.00 per dozen.

Lilium Phillippinense Formosanum — (Pure white variety)—Snow white fragrant flowers up to 6" long on 48" stems. Plant 5-6" deep. They prefer partial shade. One of the most easily grown of all lilies. 15c each; \$1.50 for 12

Lilium Regale (Royal Lily)—4-5 feet high. Large flowers with diameter of 6". They are pure white suffused with primrose yellow in throat and outside of petals suffused with purple. Very easily grown type and exceedingly beautiful. \$2.00 per dozen or 20c each.

Lilium Sulphureum — Sulphur yellow flowers that blend with any other flower in the garden. Blooms late-August and September. Large trumpet shaped flowers and they are fragrant. Height 4-5 feet. Plant 3" deep and surround bulbs with coarse sand. \$1.00 each.

New Cannas

Burbank's "Fire Canna." One of the largest flowered cannas in existence. Constantly in bloom. Never fails to attract attention of visitors to my gardens. Finest variety for massing purposes. Enormous clusters of bright fire-red blossoms. 4 feet high. Prices on quantities on request. I offer 3 new varieties of cannas. Deep Gamboge Yellow, (4 feet), Apricot Orange (3½ feet), deep Scarlet-Bronze Foliage (4 feet). All cannas 25c each; 3 for 60c; \$1.50 per dozen.

"Clown" (Illustrated in color)—

Very difficult to describe. The blooms have the appearance of having been hand painted. Color is flesh pink over ivory white. The ends of petals are blotched claret rose for at least $\frac{1}{2}$ of their length. The later color bleeds through the lighter zone to a deep red center. \$2.00 each. 9 inch blooms.

A splendid new summer flowering perennial, resistant to frost and can be easily and safely grown through the entire United States.

New Improved Fresno—A glorified Fresno possessing richer color throughout. Individual petals over 5 inches across. Petals imbricated. Flowers measure 10 to 12 inches across. \$2.50 each. Largest flowered of all my hybrids.

"Crimson Wonder"—A magnificent flower over 10 inches in diameter. Is an intense crimson color. \$1.50 each.

"Satan"—The nearest approach to a true velvet red. Flowers 8 inches in diameter. Its beauty is entranced by shadings of deeper maroon. \$2.50 each.

"Raven"—Easily the most beautiful. Deep maroon semi-ruffled petals of heavy substance. The darkest of all reds so far produced. Flowers 7 to 8 inches in diameter. \$2.50 each.

Mahogany—Semi-fluted petals of mahogany red throughout. Beautiful flowers to 7 inches in diameter. \$1.00.

New Heavy Petaled Rose—Old-rose flowers with imbricated petals. Never fully expanding. Substance very unusual. Graceful variety. \$1.00 each.

Carmin Rose—Seven inch flower of deepest carmine rose with centers of deepest Burgundy. Prolific bloomer. 75c each.

Appleblossom—Soft shade of pink heavily veined with rose. Flowers 8 inches across. \$1.00 each.

Raspberry Rose—Gorgeous color as name implies. Very rare in this type of Hibiscus. 7-8" flowers of fine character. @ \$1.50.

Giant White—Very large flowers to 7" of purest white with small red eye. Tall grower to 7 f. Profuse bloomer. @ \$1.00.

HIBISCUS

CULTURAL DIRECTIONS

Plant in full sun—No cultivation. Cover eyes on roots about one inch deep and stake. They will not sprout until weather becomes settled and warm in the spring. These Hibiscus require good drainage and moderate water supply.

HENDERSON'S HYBRID GIANT HIBISCUS

This new hibiscus can be grown anywhere; absolutely hardy. The flowers are enormous in size measuring from 6 to 10 inches across, and when established will bloom from May to November. In winter the plants die, but the roots sprout again each spring, being perennial in nature. Healthy and vigorous and will thrive in any soil. Plant with shrubbery. Colors range from snow white through all shades of pink, red orchid, scarlet and maroon. Mixed colors 50c each root; \$5.00 per 12. These grow about 3½ to 4½ ft. high.

"Improved Radiation"—A larger and more vividly colored "Radiation." Individual petals 5½ inches broad. Flowers 11 inches across. Red veins more prominent and a more richly colored center. \$2.00.

Hibiscus "Formal White"—Heavy petaled, pure white semi-ruffled round formed flower with deep red center. \$1.

"Fresno"—Nine inch flowers of satin pink overlaid with silver. An indescribably beautiful variety. Individual petals 4 inches broad. Possesses a Burgundy red center. \$1.00 each. The finest self-colored pink ever grown.

New Ruffled White Hibiscus—Enormous 10 inch blooms beautifully ruffled petals of pure white with a center of dark red. The most beautiful and sensational white hibiscus ever grown. \$2.00

Yellow White—Large white overlaid with cream yellow and small red eye. Unusual color in this type Hibiscus. \$1.50.

Brilliant Ruffled Cerise—Entire flower fully ruffled and each petal glows from brilliant overlay of cerise. 8" flowers of very fine type. \$2.00.

Strawberry Rose—Strong growing variety producing quantities of beautiful 8" blooms of glowing strawberry rose shade—entirely self colored. Highly recommended. \$1.00.

"RADIATION" HIBISCUS (see below)

COLOR PHOTO BLAND CASEBOLT

Color Photo by Bland Casebolt

NEW HIBISCUS For 1941-42

Super Rose—A brand new variety. Flowers up to 12 inches across of beautiful satin pink with small eye of burgundy red. Individual petals 5½" across. Petals recurved at tips giving a most graceful effect to the entire flower. Unusually vigorous and prolific bloomer. Finest pink in my collection. \$2.50.

Sloan Red—Brilliant deep scarlet overlaid with almost black tones at tips of petals. 7" blooms that are wide open and good keepers. \$1.50.

Ruffled Clown—New variety similar to our "Clown" variety except petals at tips are ruffled and recurved. Small center of dark red enhances beauty of flowers. Exceedingly beautiful. 7" flowers. \$2.50 each.

Pearl—Exquisite pearl pink over white ground. Entirely self color with no contrasting center eye. 5" blooms. \$2.00 each.

Sea-Shell—Possesses unusual leathery substance of petals. 7" blossoms of clear pearl pink with center of rose-red. Free bloomer and very vigorous. \$1.50 each.

"Radiation"—Wonderful 9" flowers of satin pink striped with many lines of rose-red radiating from a center of richest velvet red. Individual petals 4¾" broad. \$1.00 each. Illustrated in full color at top of page.

New Blood Red Hibiscus—Magnificent new red. Very deep in color. Unusual texture of petals, with relaxed petals. Best of all my dark reds. \$1.50 each. 8" flowers. In color above.

Giant Old Rose—One of the largest flowered varieties in our collection. 10 to 12 inch blooms of soft old rose throughout. Early bloomer. \$1.00.

NEW CARNATIONS

Great advancements have been made in the carnation and we offer below the very best in commerce today. Carnations need full sun and should be disbudded to obtain maximum size. They should be pinched back upon receipt of plant to insure good branches. Heavy pruning once a year is recommended to keep plants neat and tidy in appearance.

"Pharoah" A wonderful new carnation. Petals bright orange with tips of each petal fringed with red. There are no pencilings. Blooms measure 3½-4½ inches across, and are full and well formed. Plant robust and stems long and strong. The greatest advance in carnation development offered today. 35c each.

"Spectrum Supreme" Large vigorous red carnation of top quality. Long stems at 25 cents each.

"Luxury" A new bright red variety. Excellent variety. Best red in commerce today. @ 25c.

"Snow White" A new giant carnation with extra large flowers 4-5 inches across. Blooms full and high centered. Show quality. Free bloomer. The finest white I have ever seen. 50c.

"Giant Laddie" A salmon sport of Laddie with larger flower with deeper and more vigorous than parent. Good producer of show quality blooms. 35c.

"Woburn" The leading crimson carnation. Highest ranking quality. Blooms large and full with slightly fringed petals. @ 25c each.

Barbara Farr—A fine new scarlet variety. 25c each.

Barbara Brigham—Beautiful orange and rose variegated. 25c each.

Pelargonium—Orchid-pink with basal color of purple. 35c each.

Maytime—Beautiful new light pink. 25c each.

"Apricot Queen"—Clear apricot-orange. 35c each.

"Maine Sunshine"—Clear yellow. 25c.

"Puritan"—Large pure white. 25c ea.

"Robt. Allwood"—Largest scarlet of all. 35c each.

Dianthus "Ruth Elaine"—A large single deep rose. 2" across with deep ruby-red eye in center. Long stems. Almost continually in bloom. Fragrance very rich and unexcelled. A splendid perennial well worth a place in your garden. 25c each; \$2.00 per dozen.

Unusual Violets

Violet Rosina—A beautiful deep pink violet that is unexcelled for fragrance. Fast grower and extremely desirable as it blooms early and continues over long season. \$1.50 per dozen. 15c each.

Violet Double English—A very beautiful deep blue and quite rare. 25c each.

HARDY PERENNIALS

Perennials

Anemone Japonica—Valuable for massing or as single specimens in the border. They grow rapidly, and are profuse bloomers gaining in strength and beauty each year. They bloom from July till the 1st of November. Height 2 to 3 ft. I offer the following colors: Semi-double white, rose, pink, and red. Admirable for cutting. These flowers are especially recommended for shaded areas. \$1 for 3 or \$2.50 per doz. Do extremely well where many plants will not thrive. 35c each; hardy, long lived perennial.

FOR DEEP SHADE

Ajuga reptans rubra—A comparatively new variety of this old favorite. A perfect plant for growing in shady locations as a ground cover. Foliage during the winter is a rich purple and bronze with a metallic lustre. This is followed in the spring and early summer by myriads of blue flowers. The leaves in the summer are a deep green. Just the thing to carpet the ground in deep shade. Very hardy and easily grown. Strong plants that will bloom first year. \$1.00 per dozen.

Anchusa mysotidiflora—A very hardy and easily grown perennial. Produces masses of richest forget-me-not blue flowers on a vigorous plant about 18 inches tall. Very charming for cut flower purposes blooming over a long season. Foliage heart shaped and attractive even when not in bloom. 25c each.

Campanula Pyramidalis—One of the most attractive plants of the campanula family. Grows to 5-6 feet and produced on long racemes about 3 feet long. These are massed with bell flowers of pure white and lavender blue. Created sensation at the World's Fair last summer. Very showy and easily grown. 2 year roots at 35c each. \$2.50 per 12.

Campanula isophylla alba—A pure white form of campanula blooming over 3 months in the late summer and fall. Grows 6" high. Flowers about 1" across and are pure white. Very attractive rock garden plant or may be used for pot plant. 25c each.

Campanula porchaskyana—A beautiful evergreen trailing variety blooming most of the summer. Violet blue star shaped blossoms. A well established plant of this in the rockery presents a mass of color indescribably beautiful. 25 cents. Prepaid.

Columbine—Wm. H. Henderson's Hybrids. A great improvement over older types. Larger flowers and longer spurs. Colors include yellow, orange, red, rose, blue, purple, cerise, white, salmon and mauve. Seed 20c pkt; 3 for 50c. Roots, \$1.50 per doz. All weak colors have been eliminated.

Columbine "Crimson Star"—Very large flowers with long spurs. Outer petals deep crimson with central petals of white. Very attractive new variety. Grows to 3 feet. Strong 1 year plants at \$2.00 per dozen or 25c each.

Everblooming Blue Daisy

Aster Frickarti—A perennial aster producing 2" blooms on bright lavender blue throughout the entire summer. Height 30". The finest of all Michaelmas daisies to date. 50c each.

Delphinium—"New True Blue." A selected hardy form of Belladonna type producing spikes 4 feet high of a deep true blue. Magnificent new form. 50c each. Very easily grown. 2 yr. roots.

Dianthus Beatrice—A new variety of this popular flower. It has double flesh pink flowers produced in large clusters over many months. A superb new variety. Strong rooted cuttings, 25c each; \$1.50 per doz. Best perennial Dianthus.

NEW GEUMS

Geums—"Princess Juliana"—Extremely large flowers of copper yellow. Far superior to any seed grown varieties. 25c each; \$2.50 per dozen.

Geum—"Fire Opal"—very large flowered red overlaid copper. Both of these varieties are grown from root divisions of the original plant. 25c each; \$2.50 per dozen. Prepaid.

Gypsophila "Bristol Fairy"—A splendid double flowered "Babies Breath." The effect is far superior to the old single type when used in bouquets and the blooms last much longer when cut. Grafted plants at 50c each.

Gerbera (Transvaal Daisies)—New Hybrids. Plant in full sun or part shade. Bloom all summer. This strain was secured from the largest collection of Gerberas in the world. Colors include coral, scarlet, crimson, cream, yellow and many other combinations. Two sizes of plants; large 30c each, \$3.00 per dozen; medium \$1.50 per 12.

Papaver Olympia—An unusual new perennial poppy, forming a clump by underground runners. Flowers are semi-double and range in size from 4-5" in diameter and are a pleasing shade of apricot and orange. Stems are 2 to 2½ feet long. Splendid cut flower. 25c each; \$2.00 per 12.

Statice Latifolia—"Blue Babies Breath"—Fine perennial increasing in beauty each year. When in bloom resembles "Baby Breath" except in color that is an exquisite sky blue. Used very successfully in dried winter bouquets. Will keep for years. Large 2 year plants ready for immediate bloom, 50c each; \$3.50 per dozen.

Statice Dumosa—Very graceful everlasting flower, producing lacey plumes that are extremely useful for bouquets. Lavender blue in color. Very hardy perennial and easily grown. 25c.

Perennial Phlox—"Miss Lingard". Large panicles of pure white, foliage glossy. One of the best perennial Phlox. Resistant to red spider. Easiest of all to grow. Blooming one month earlier than most varieties and continuing till very late in season. \$2.25 per 12; 25c each. Prepaid. Red at same price.

Scabiosa Perennial Hybrids—An excellent perennial for the garden. Produces large blue, lavender and white flowers on long stems. Blooms through the summer. Very hardy. Plant in full sun. Strong 1-year plants, 25c each; \$2.00 per 12. Prepaid.

Salvia Pitcheria—Splendid perennial. Growing 4 ft. high, blooming from August until frost and producing masses of pure gentian blue flowers. One of the most beautiful perennials in existence. Unsurpassed for long full blooming season creating masses of blue for months. 50c each; \$3.00 per dozen.

Platycodon Hybrids — Japanese Bell Flowers. Very hardy perennial growing to 4 feet and producing through the summer magnificent large campanula-like bell flowers in dark blue, pure white and medium blue. Plant in partial shade. 35c each.

Clematis for the Perennial Border

Clematis Davidiana—Hardy herbaceous perennial producing clusters of very fragrant gentian blue flowers over the summer months. Height 3 feet. Grows upright like a shrub. An exceedingly fine perennial. Strong 2 year roots. \$1.00 each. Prepaid.

RARE FLOWERING BROOM

Cytissus purpureus — A dwarf shrub growing to 18" and bearing attractive orchid flowers. New and decidedly different among brooms. 6 to 8" at 75c prepaid.

EVERGREEN GROUND COVERS

Phlox Divaricata Laphami—Perennial phlox of pure gentian blue growing about 12" high. Unsurpassed as a spring flowering border plant as it blooms from May until July. No other garden flower blooming at this season shows this rare and lovely color. A remarkably hardy, easily grown and showy plant. Evergreen. Divisions \$1.50 per dozen or 25c each.

Phlox Subulata Brittoni—Very distinct from any variety known. It forms a cushion like plant with closer growth than most subulata varieties. Abundance of white star-like flowers with darker centers formed by a ring of bright blue dots. New form 50c each, \$3.00 per 12.

Phlox Subulata Vivid—Similar to above except that it possesses a vivid satin pink flower with red centers. One of the most beautiful dwarf shrubs for rock gardens. Blooming in earliest spring almost covering itself with blossoms. 50c each; \$3.00 per dozen; smaller at 25c each; \$1.50 per dozen.

DWARF LANTANA

New Dwarf Red Lantana—Bright red in color. A selected form. The brightest red of them all. 25c each; \$2.00 per dozen. Does not exceed 28" in height. Plant after 1st of April.

GERANIUMS

NEW IVY—Geraniums "Brilliant" Bright cherry red producing flower clusters 4 inches across with individual flowers 1½ inch across. Long stemmed and very hardy-flowering entire summer. Very spectacular. 25c each. \$2.00 per 12.

"Tricolor"—A beautiful orchid pink striped ruby red. Large individual flowers 1½ inch across in clusters 4 inches in diameter freely produced. Sometimes one stem produces a deep rose bloom. 35c each.

Cobalt Blue Veronica

New "Blue Spire" Veronica—Hardy herbaceous perennial producing beautiful spikes of cobalt blue flowers over the entire summer season. Very hardy and easily grown. Thriving for years with little or no attention. One of the most effective of all perennials in the border. Height 30 to 36". (Sensational) 35c each. 3 for 75c, \$2.50 per doz. Prepaid.

Giant Hybrid Torch Lilies

Tritoma—Beautiful evergreen grass-like foliage. Stems 3-4 feet long, producing flowers for months throughout the summer. Splendid for cutting purposes. Easily grown. Plant in groups of three for immediate effect. Plant in sun or partial shade. I offer 4 colors: Burbank's "Tower of Gold," coral, chrome, orange and yellow. 50c each; \$3.50 per 10.

The above Tritomas represent some 12 years of labor and hybridization and are among the largest and most beautiful ever grown.

EVERGREEN GROUND COVER FLOWERING

Helianthemums — Sun Roses. Low spreading evergreen that are practically covered with dainty flowers from spring to fall. Hardy long-lived and easily grown plants. Excellent for sunny rockwork, front of borders, sides or tops of walls. I offer three colors: Double red, apricot and rich orange. 35c each, 3 for 90c; \$3.00 per dozen. Rooted cuttings @ 5c each.

BORDER PLANT

Nierembergia Caerulaea "Blue Cup Flower." New perennial. Will outbloom lantana. Ideal for borders growing only 5-6" tall with a spread of 8-10" Starts blooming in mid-spring and continues until frost. At all times neat and tidy in appearance. Strain we offer is grown from cuttings and is of a uniform height and deep lavender blue in color with a yellow throat. Should be planted in sun or partial shade. Do not cultivate. 10c each. \$1.00 per dozen. Splendid for perennial borders or use in rock gardens. Not perennial where temperatures drop below 10°.

Giant Verbenias

"New Giant Red"—Oxford Verbenias. Selected form of brilliant deep red with white eye. Flower clusters 4" across. Selected cuttings 60c per dozen. Also Giant Pink at same price. Very best way to get good verbenias.

New Lavender Verbenia

New Fragrant Verbenia (Blue Triumph)—Fine large flowers of lavender blue. Intensely fragrant and free bloomer. 60c per dozen.

HARDY VERBENIA

New Verbenia Canadensis "Brilliant"—(perfect flowering ground cover)—Very brilliant deep rose in color. Hardy in the eastern states. Exceedingly fine for borders and tough enough to stand for years. Strong plants 25c each. \$2.00 per 12. Plant 24" apart for use in the border.

Verbenia Lavender Canadensis—Same as above only lavender in color. Strong plants 25c. \$2.00 per 12.

Gazania Hybrids—Excellent evergreen border plants flowering most of the year. Plant in full sun or partial shade. Easily grown. Flowers similar to Transvaal Daisies and obtainable in yellows, creams, white, orange and copper shades. Height of plant 12-15" 75c per doz. Mixed colors only. (1 yr. old flowering size) Prepaid.

Michaelmas Daisies

Charming (Burbank's)—Soft shade of pink with yellow center. Graceful weeping branches. 4 feet high, resembles small spirea shrub when in bloom. 35c each; \$3 per dozen.

Baby Blue—(Henderson's) When massed in front of dark green shrubbery it appears similar to a soft blue cloud. Visitors are enthusiastic over its heavenly blue color. Try the effect in your garden. You too will be greatly pleased. 35c each; \$3.00 per dozen.

Lavender Queen—(Henderson's). Richest lavender with orange center that sets whole flower aglow. Blossoms 2" in diameter. 35c each; \$3.00 per dozen.

Pentstemon

Wm. H. Henderson's Hybrid. Evergreen perennial almost continuously in bloom. Rivals petunias in production of blossoms. Makes bold clumps 18-30" in height. Flowers about 2" in diameter and resemble fox-gloves. Unusually free from diseases and easily grown. Recommended as a substitute for snap-dragons as it is never troubled with rust. I offer varieties selected from thousands of hybrids: Scarlet Bedder, a soft rose scarlet, 15c each; \$1.50 per dozen. Mixed, Lavender, Purple, 25c each. The above varieties are grown from selected rooted cuttings. A well-established bed of these will thrive for years with no special attention needed.

WM. H. HENDERSON'S NEW HYBRID ORCHID FLOWERING DAHLIAS

These are the most graceful of all dahlias for cutting purposes. Height 24-36 inches. All colors, from fawn, to vermillion and scarlet and yellow. Many spotted and tigered crimson on the reverse side of petals. The tip of each is rolled or quilled. Flowers are single and range from 3-5" across. A bed of these gives the appearance of giant columbine or lilies. Bulbs or rooted cuttings in spring 50c each, \$3.50 per dozen. Fine cut flowers, as they are good keepers. Last fully as long when cut as the pompom types and possesses the advantages of long stems, hence they are easier to arrange. Destined to become very popular when better known. Prepaid.

DAHLIAS

"Little Jewel"—A miniature decorative, of flesh pink. One of the most beautiful of all small dahlias. Highly effective for bouquets. Without doubt the most exquisite of all pink dahlias, possessing a color unique in this family. 25c each; \$2.50 per dozen.

RAIN LILIES

Zephranthes Grandiflora Rosea—Fairy lily. A very lovely summer flowering bulb. Produces from May until October an abundance of large rose-pink flowers about 3 inches in diameter on stems 12 inches long. Unexcelled for cutting. 75c per dozen.

Zephranthes Alba—A pure white variety of the above. 75c per dozen.

UNUSUAL IRIS "BROWN EYES"

Morea Bicolor—Evergreen, grasslike foliage grows to height of 3 feet. Blooms almost entire year. 3 inch cream-yellow flowers (resembles iris) conspicuously marked with three dark brown eyes. Unusually beautiful and valuable as a cut flower. 50c each.

New Crinum "Royal White"

The largest flowered variety ever grown. Blooms 7 inches across and produced on stems 30 inches long. The pure white petals are marked with a distinct soft rose pink stripe the entire length of the petals. Very fragrant. Individual petals are over 1 inch wide. Offsets only \$2.50 each.

EASILY GROWN ORCHID

HARDY CHINESE ORCHIDS

Hardy in the east as far north as Washington, D. C. A most attractive bulbous plant. As easily grown as a Spanish iris or Lily of the Valley. Thriving in either shade or part sun with good drainage. Flowers about 2" across. These are produced 2 to 6 on a stem 15-18 inches high. Flowers in late spring, and resembles in every detail (except size) a Cattelya orchid, the one so commonly sold by florists everywhere. Foliage like a miniature gladiolus in form with a white edge on either side. 50c each; \$5.00 per dozen. Alba (pure white form of above) at \$1.00 each. Very rare.

LAWN SUBSTITUTES

Dichondra Repens (Lazy Man's Lawn)—New lawn substitute having appearance of well grown small-leaved clover when established. Does well in shady locations as well as full sun. Very tough. Requires no mowing and is free from Brown spot and lawn moth. Write for prices. 1 flat will cover approximately 200 square feet. Plant divisions 8" apart.

Thymus coccineus and alba—Dense evergreen carpet completely covered in spring with crimson flowers, making a solid mat of red. Makes a beautiful edging plant. Gaining in favor as a lawn substitute. Does not require mowing. Crowds out obnoxious weeds. Plant 12 to 18" apart each way. 15c each; \$2.50 per flat. White flowered form at same price. Does not require much watering. Flats not prepaid.

ROCK GARDEN PLANTS

Genista tinctoria flora plena—Low growing, height, 5" and spreading 2 to 3 feet. Extremely colorful in bloom, the foliage being hidden entirely by clustered golden yellow flower heads standing 2 to 3" above plant. The most profuse bloomer of all brooms. 6 inches at 50 cents. Prepaid.

New Coronilla Cappadocia—Evergreen perennial growing to height of 10". Flowers produced in racemes of richest golden yellow. Very showy and one of the finest rock garden plants known. Early spring bloomer. 50c each.

Veronica repens—A beautiful evergreen ground cover thriving in full sun and producing in spring and early summer masses of cobalt blue flowers. Foliage is a deep green and does not exceed 2" in height. \$1.00 per doz. or \$5.00 per 100.

W. H. Henderson's New Rhubarb "Giant Hybrid"
—Largest stalks and leaves of any known variety. Possesses a rich berry flavor and is a great improvement over older varieties. Sweetest of all rhubarbs; requires but half the amount of sugar generally used in cooking other varieties. Stalks 1½" thick and 2-3 feet long. Divisions 75c.

New Asparagus "Quality"
—All growers are unanimous in their praise for this tender deliciously flavored, productive asparagus. By all means the finest variety ever offered for home gardeners. Pkt., 52c; ounce, 75c.

Burbank Tomato—Fruit crimson red; medium size with thick solid meat. It is an unusually heavy and continuous bearer. This tomato has one highly convenient quality in that the skin peels freely from the rich firm flesh. The finest tomato in quality. Pkt., 20c; 3 for 50c; \$1.00 per ounce. Earliest of all tomatoes.

Kumquat—Small ornamental growing to 6 feet. Hardy citrus. Produces hundreds of fruits vivid orange very useful for marmalade and garden ornament. \$2.50. 2-year old trees available. Not prepaid. One year trees @ \$1.50.

NEW FRUITS

New Nectarine "California Gold"—A Hybrid between a Muir Peach and a white Nectarine. Possesses rich yellow flesh, but very juicy. Perfectly smooth flesh, but very juicy. Has firm perfect smooth skin that is crimson blushed yellow. I recommend it as a new fruit possessing unusual qualities. Not as tart as most nectarines, but much sweeter. Young trees 1-yr. stock \$1.50. Stand shipping better than the ordinary nectarine due to the firmness of its flesh.

Flowering Kale—Beautiful foliage plants that are highly colored and with ruffled and fringed leaves. Colors include cream, white, cerise, rose and purple. Easily grown anywhere. Seed 25c per package.

WALNUT

Franquette Walnut—Best of all English walnuts for San Joaquin Valley conditions. Leaves out very late and thereby escapes late frost damage. Medium size, soft shelled nuts produced in quantity. 6-8 ft. @ \$1.50.

WM. H. HENDERSON'S NEW "CRIMSON GIANT" CHARD

A cross between the sweet sugar beet and Swiss chard. The leaves are as deeply crimped and pitted as a Savory cabbage. Nothing in the garden can be as easily raised and no other vegetable produces such a large and continuous supply of delicious and healthful succulent food. Also called Rhubarb Chard.

Very beautiful and highly ornamental in the garden. Visitors to my gardens are enthusiastic in praise of its value as an ornamental plant. It is more delicious than the beet garden spinach. The leaves of this new "Crimson Giant" are of a rich dark green color, often 24" long and are crisp and tender. The leaf stalks are also very edible, and should be cooked with the leaves. The stalks are rich crimson in color, and average 2 feet in length. The plant reminds one of a well-grown rhubarb. The color is retained if cooked over a quick fire about twenty minutes. 50c per packet; \$2.50 an ounce. ½ pkts. @ 25c each.

New Fig

"New Miracle Fig"—A splendid new fruit producing a very heavy crop the first summer after planting. The figs are luscious and very sweet. It has been known to produce 24-36 fruits the first year from a cutting so the rooted plants that I offer will produce many more the first season. Fruits are large (1½" thick and 2½" long). Ideal for the small family orchard and of excellent quality. Be sure and try this as we know you will be satisfied. A black fig. 30-36 inches at 75c.

Hedera Conglomerata—Miniature shrub type ivy. Useful in rock gardens or small pots. Foliage very compact and interesting. 50c each.

NEW GENERIC HYBRID

Fatshedera—A very unusual hybrid between an English Ivy and an Aralia (small tree). Large beautiful leaves that are colored in the winter months. A marvelous climber for pillars. Highly recommended. 15" plants @ \$1.50 ea.

Cytissus Newreyensis—A selected form of the Paradise Broom. Enormous flowers 1" in diameter in red and yellow. Ever-green shrub to 5 feet. 75c each.

RARE CAMELLIAS

These beautiful flowers are deserving of more attention from home gardeners. They require preferably an eastern exposure with afternoon shade. They will repay a generous application of leaf mold or peat moss mixed well with the soil before planting. Cottonseed meal is an excellent fertilizer. One of the prime requisites in the culture of Camellias is to remember that absolutely no cultivation or stirring of the soil should be done at any time. Camellias are among the world's most beautiful flowering evergreen. Varieties offered here are among the finest. Good drainage essential. They should not be planted deeper than they grew at the nursery. Also good on north side.

White Camellias

Busch Garden White or Mathotiana Alba—Very late camellia with pure white flowers. Should be planted in shade for best results. Flowers grow to 5". Very beautiful variety. 12-15" @ \$1.50.

Purity—Late flowering variety with large blossoms. Very double and pure white in color. By planting this variety and Alba Plena you will have white camellias from November until April. 15-18" \$1.50.

Amabilis—Large 4" single blooms of purest white with large clusters of anthers. Reminds one of a Matillija poppy. Late bloomer. 10-12" @ \$1.25.

Alba Plena—Fully double perfectly formed white flowers. Blooms very early. (Nov.-Feb.) Most popular of all whites. 8-12" @ \$1.50.

Lotus or Grandiflora Alba—Very large flowers 6-7" in diameter. Pure white. Beautiful formed blossom. Much sought after variety. 6-8" \$2.50. 5" pot.

Pink Camellias

Chandlerii Elegans—Very large flowered formal peony camellia. Rose in color and occasionally marked with white. Flowers grow to 5" in diameter. Late bloomer. Unusually fine variety. 15-18" \$2.00.

Rose Queen—Large 4" full double formal flowers in medium rose. Unusually good keeper, and blooms over long period. Very fine variety and highly recommended. Midseason bloomer. 15-18" @ \$1.50.

Pink Ball—Peony in form and soft pink in color. Unusual and much sought after variety. 15-18" @ \$1.50

Cameo Pink—Delicate pink fully double flowers 3½" in diameter. Blooms from December to January. Profuse bloomer and resistant to cold injury. 8-10" @ \$1.00.

Ella Drayton—Very large 5" double flowers. Formal in appearance, and rich old rose in color. Unusually fine variety. 6-10" @ 75c. 5" pot.

All Camellias priced

F. O. B. Fresno

Pink Camellias

(continued)

Rosea Superba (Mathotiana Rosea)—Very large double flowers up to 6". Deep pink in color. Blooms over long season. Very rare. 10-12" @ \$2.50.

Rosea Grandiflora—Enormous flowers often 6" in diameter with petals 2" in width. Deep rose semi-double flowers showing anthers in center. Midseason bloomer. A super camellia that should be in every collection. 6-8" @ \$1.50.

Red Camellias

Emperor of Russia—Large brilliant red flowers—approaching scarlet in color. Peony form with golden anthers among the petals. Striking variety. 5" flowers. A super variety. 10-12" @ \$2.00.

Mathotiana Rubra—Immense double deep red flowers. Large foliage. One of the finest of all red camellias. 12-15" \$2.50.

Elena Nobile—Unexcelled flower. Late bloomer. Formal in appearance and brilliant red in color. Flowers 3½" in diameter. An exceptional camellia. 15-18" \$1.50. 6" pot.

Col. Firey—Large 5" flowers. Blooms late. Perfectly formal. Double dark red in color. Very outstanding red camellia. 10-12" \$1.50. Best of all formal dark red camellias.

Blood of China or Victor Emmanuel—Large peony flowered flower of dazzling red. Said to be finest of all reds from the Southern States. 6-8" @ \$2.50.

Rainy Sun—Large 5" rose-red flowers. Semi-double and hibiscus-like in appearance. Very colorful and floriferous. 10-15" @ \$1.75. Similar to Camellia reticulata in form and color.

Goshogamura—Late flowered single variety of deepest red with petaloids in center. Very rare and attractive camellia. 3½" flowers 15-18" @ \$1.50.

Covina or Campbelli—Exceedingly prolific bloomer with 3" flowers of cerise red. Long season of bloom and easily grown. 15-18" @ \$1.25. Midseason bloomer.

Variegated Camellias

Jordan's Pride (Herme) or (Hikari Gengi)—Best variegated camellia. Delicate pink on white ground striped and blushed with deep rose. Has a delicate fragrance. 4" flowers. Very good bloomer in midseason. 15-18" @ \$1.50.

C. M. Hovey or Magnolia King—Fully double flowers of deep rose-red marbled with snow white. Blossoms 5-6" in diameter. Large petals, very rare. 8-12" @ \$1.50.

We are constantly adding to our Camellia collection of varieties and are in contact with leading growers throughout the United States.
All Camellias listed are established in gallon cans except where noted.

Fragrant Camellia

Appleblossom (Japonica)—Small 2½" blooms of delicate pink. Single flowers and very fragrant with suggestion of appleblossoms. Not a Sasanqua variety. Strong grower. 6-8" @ 75c.

Rapid Growing Camellias

Camellia Sasanqua Rosea—Single 3" flowers of a beautiful rose shade. Fragrant. A free flowering type, and more easily grown than the common varieties. Blooms in late October and November. 50c each.

Camellia Sasanqua—Double white fragrant flowers. 50c each.

FLOWERING EVERGREEN TREES

Henderson's Hybrid-California Evergreen Lilac—Hybrid form. A beautiful tree or large shrub that is covered throughout early spring with enormous clusters of sky-blue flowers. Clusters at times measure 14" in diameter, and 18" long. Well established in gallon cans, \$1.00 each. Very rapid grower. Not prepaid.

Selected Blue Ceonothus—Richest blue evergreen lilac. Blooms throughout summer months. Very showy. Thrives well in hot dry locations. One of our most beautiful flowering native shrubs. \$1.00 each. (gal cans). Not Prepaid.

Cassia Marylandica—Small, fall flowering evergreen tree growing to 8 ft. It flowers one month earlier than Cassia splendens. Masses of vivid yellow blossoms lasting over many weeks. 75c.

Magnolia Grandiflora—A selected form of the southern evergreen magnolia flowering while quite young. A splendid evergreen tree. 30-36" trees @ 75c. Larger not prepaid 5-6 feet at \$2.50 in 5 gal. cans.

Carolina Cherry—Tall evergreen growing to 15 ft. Glistening foliage and admirable for screening purposes and background planting. It has small racemes of white flowers in spring. 1 gal. @ 50c. 3-4 ft. in gallons @ 75c. Not prepaid.

Tulip Tree

Liriodendron tulipifera (Tulip Tree)—A columnar or broadly pyramidal tree to 100 feet high. Leaves broadly oval or saddle shaped, tip blunt and deeply notched. Flowers showy tulip or lily like 2½" broad, yellow with an orange band at the base. A magnificent shade tree or lawn specimen. 4 to 5 ft. \$1.75. 30-36 inch at \$1.00. Prepaid.

Wisteria—Double violet blue. Grafted vines of the best varieties of Wisteria. The double variety is especially recommended for the longer lasting qualities of the blooms. 2 year grafted \$1.50. Also single pink flowering varieties. Prepaid.

NEW ROSES FOR 1941-42

New Baby Rose "Snow-White"—One of the most unusual roses ever grown. Producing miniature perfect flowers with buds about 1½ to 2" long. Very double flowers with 32 to 36 petals. Buds long tapering and pointed similar to Lulu in form but much more double. Flowers possesses a most unusual lemon fragrance. A sport of the famous Talisman rose. A perfect flower produced over entire summer. \$1.50 each.

Miss Barbara—Bush polyantha. Ever-blooming habit. Flowers and buds similar in form to Cecile Bruner. Color coral-red shaded yellow. 75c each.

Scarlet Bedder—Beautiful long pointed buds on long stems. Very prolific. 75c.

"Camellia" Rose (Henderson)—Silver-pink and lighter towards center. Fine leathery petals. Bush almost thornless. Petals imbricated similar to a camellia. Long stems. As a cut flower last longer than any other rose we grow. 75c each.

BUSH ROSES

Mary Hart—The best of all patented red varieties. It is a true copperish red. Identical in form to its Talisman parent. 85c.

Alezane—Bud urn shaped, large reddish brown opening to sorrel, unfurling from sorrel to rich apricot. Vigorous. Dark green foliage. A striking novelty. \$1.25 each.

McGredy's Triumph—Large pointed bud cerise over shadowed orange opens to brilliant pink and cerise overlaid amber toning to a wide yellow center. Vigorous. \$1.50 each.

Eclipse—A splendid heat resisting yellow bush rose. Buds very beautiful and produced on long stems. \$1.50 each.

Countess Vandal—Long buds with rich blend of pink, copper and gold, produced on long stiff stems. \$1.00 each.

Matador—Large full well-formed scarlet crimson with darker reverse. Very fragrant and vigorous. Splendid new dark red. \$1.25 each.

Victoria Harrington—Pointed buds of dark red opening to splendidly formed flowers of non-fading velvety dark red. Color is held until petals fall. Spicy and intense fragrance. Strong grower. 75c

Ville de Paris—Lasting sun flower yellow; deeper at center and base. Flowers well-shaped; double buds and flowers. 75c each.

Red Hoover—An intensified sport of President Hoover rose. Red shades predominating. 75c each.

Lula—Beautifully formed buds of coral rose. Best formed of all bud roses. 50c.

Mme. Paul Ollivary—Coppery salmon; long well-shaped buds. 75c each.

Mrs. Sam McGrady—Very attractive; coppery orange flushed red. 50c each.

President Hoover—Medium, orange shaded cerise. Fine stems. Perfect buds. 50c.

Talisman—Vigorous upright; rich golden yellow and scarlet combination. 50c.

Wilhelm Kordes—Deep golden yellow with copper and red tins. Beautiful. 50c.

Condessa de Sastago—Copper and yellow. Richest colored rose ever produced. 75c.

Wm. F. Dreer—The most beautiful of all apricot and pink combinations, fine buds. 50c each.

Lord Charlemont—A fine deep red of fine substance. 50c each.

E. G. Hill—Large lasting scarlet, shading deeper as they develop. 50c each.

Mme. Joseph Perraud—Has perfect long buds opening into huge flowers. Color is a delicate salmon. Strong grower. 75c each.

White Killarney—Large white and intensely fragrant, each 50c.

"Rainbow Rose"—A now rare old favorite. Large flowers of soft rose striped with deeper rose. An unusual color combination that is hard to describe. An occasional petal is pure deep rose. \$1.00 each.

Cecile Brunner—Dainty clear pink with yellow center. 50c each.

Tip-Top—Dainty flowers Cecile Brunner shaped; yellow and white tipped rose. 50c.

ROSES CLIMBERS

Flying Colors (new Climbing Rose)—Very large brilliant cerise rose with single flowers in the spring. Blooms in masses and is a fast grower. Beautiful flowers attract much favorable attention. Effect very striking. 75c.

Cl. E. G. Hill—Gorgeous true medium red. Very spectacular. 75c each.

Cl. Eriole de Holland—Fine deep red. Extra fine. 75c each.

Cl. Mary Hart—Copper blood red Talisman. (Extra fine.) \$1.00 each.

Cherokee Ramona—Red. Beautiful variety—spring bloomer. 75c each.

Cl. Countess Vandal—Opalescent pink and delicate salmon. \$1.00 each.

Marschal Niel—Perfect foliage and very long season of bloom. Yellow flowers. An old favorite. 75c each.

Sweetbrier—Foliage is sweetly scented. Old favorite. 75c each.

Burbank's "Corona" Rose—A vigorous climbing polyantha producing an abundance of appleblossom pink flowers with lighter centers in enormous clusters.

This rose occupied a conspicuous place on Luther Burbank's home for many years and was a great favorite of his. \$1.00 each prepaid.

Climbing Golden Emblem—Same rich yellow as bush variety. 75c each.

Climbing Talisman—Climbing sport of new multi-colored bush variety. Wonderful. 75c each.

Climbing President Hoover—Similar to bush in color, very vigorous. 75c each.

French Hybrid Tea—Climber. Color darkest of all read roses; deep scarlet overlaid and tipped black. Fine form. Has the appearance of a full double camellia bloom. Fragrance wonderful wine-like aroma. Unlike any other rose. A splendid fall bloomer. \$1.00 each.

Climbing Lord Charlemont—Velvet red. Unusually beautiful. 75c each.

Mermaid—Foliage is perfect as it is mildew proof. Blooms all summer. Has single cream yellow flowers. 50c each.

Spanish Beauty—Spring bloomer. Flesh pink with reverse of petals carmine. 75c.

Cl. Cecile Brunner—Very fast grower. Baby rose. Flesh pink in color. Old favorite. 50c each.

Cl. Caladonia—Best of all pure white roses. Everblooming. 75c each.

Cl. Camellia—Silver pink. Camellia-like flowers. Blooms all summer. 75c.

Cl. Dainty Bess—Single ruffled orchid-pink (wine colored stamens). 75c each.

"Sierra Snowstorm" New Everblooming Evergreen

A very beautiful new variety. The bridal wreath-like branches are covered with masses of intensely fragrant single white flowers. Thornless and grows 5 feet. Blooms all season until frost. \$1.00.

ALL ROSES PREPAID

50c varieties @ three for \$1.00.

NEW DOGWOODS

Cornus Officinalis—Small tree growing to a height of 15 feet. Beautiful new species imported from China. Has yellow flowers followed by large attractive scarlet fruit. Unusually beautiful foliage. Very heavily veined turning gorgeous scarlet in the fall. 1.50 each prepaid.

Cornus Florida Rubra—(Flowering Dogwood) Unusually beautiful, 4" deep pink flowering Dogwood. Flowering in early spring and presenting a gorgeous display of color. Prefers partial shade, preferably in afternoon. Needs plenty of water and no cultivation. Soil free from alkali and containing leaf mold recommended. Grafted plants 18 to 24", at \$2.00, 3 to 4 ft, \$3.50 each.

Cornus Florida—A pure white form of the above, 18 to 24" at 75c each. 30-36" \$1.75.

Cornus capitata — A Himalayan species very hardy in Western America. The only evergreen Dogwood. Producing 3" flowers in early summer of pure white. A rapid grower and highly desirable. Needs partial shade or full sun. No cultivation and good drainage. Has large attractive red fruits in fall. Gallon cans 75 cents. Not Prepaid.

Cornus florida plena — Double flowering dogwood. Showiest of all white dogwoods. Blooms when very young. Large showy semi-double white blooms with outer row of petals often more than three inches across; inner rows arrayed in whorls. 18 to 24" at \$2.25. 3 feet at \$3.50. Prepaid.

NEW CREPE MYRTLE

Henderson's New Crepe Myrtle "True Red"—After testing many hundreds of hybrids over a period of many years, I offer the finest I have found. Produces clusters measuring 9" broad by 10" long of a rich rose red. A very spectacular small flowering tree. \$1.00 each.

Fuchsia Riccartoni—An old but rarely seen Fuchsia that can be grown where others freeze. Will stand freezing as low as 10 degrees Fahrenheit. Small flowers produced in masses. Sepals coral red, petals purple. 50c each.

Rare Flowering Maple Shrub

New "Double Flowering Maple"—One of the finest and most unique of this family. Producing 2" flowers with back petals of soft yellow, center is composed of many vivid orange petals like a pompom Dahlia. Very striking and the most unique variety of this upright ever-blooming shrub. 30" \$1.00 each. Prepaid.

(The above picture is a reproduction from a painting)

A NEW INTRODUCTION SCARLET WISTERIA TREE

One of the most beautiful of all small deciduous trees from South Africa. Rarely exceeding six feet in height and in bloom practically all summer, the long weeping branches with fern-like foliage, are literally covered with drooping clusters of brilliant tango-red, pea-shaped blossoms. The clusters are similar to wisteria in shape, and average 5" in length. Very showy when in bloom. Perfectly hardy in any climate. An introduction that is both rare and beautiful. Small trees, 30-36", \$1.50 each. Larger trees 3 to 4 feet high, \$2.00 each. All trees will bloom the first year. Prepaid. Flowers shaped like locust blooms. Plant in full sun and do not cultivate in summer. Good drainage.

NEW GIANT SINGLE PINK ALTHEA

New Giant Single Pink Althea—Excellent new variety with flowers fully 5" in diameter. Beautiful rose colored blooms. Prolific bloomer; produced from June until October. \$1.00 each.

White Hardy Hibiscus

Single White Althea—A very large flowered form producing 3½" pure white semi-ruffled flowers over a long season. (June - October) Absolutely hardy and a very fine plant. 30-36" at \$1.50 each.

NEW BLUE HIBISCUS

A new and very hardy (throughout entire United States) Hibiscus. Flowers are of a beautiful lavender blue 3-4" across produced freely from June until October. A flowering shrub of most unusual quality and beauty growing to 8 feet high. 24-30" @ \$2.00 each. 12" @ \$1.00 each.

Chaste Shrub

Vitex macrophylla—A comparatively new variety with large spikes of deep blue flowers freely produced all summer long. Blooming from May till October. Lupin-like foliage. Grows to 8 feet high, 18-24" size at 75c each. Prepaid.

FLOWERING DECIDUOUS SHRUBS

Giant Fragrant Lilac—Flowers produced in masses on terminal racemes. Latter sometimes over 30" long. Single lavender flowers. Very fragrant and never fails to bloom each year. By far the finest of all lilac types for California conditions. Clusters of flowers about 4" in diameter at base tapering to a point at tips. Height 8 feet. Large \$1.00 each.

Ceratostigma—Dwarf shrub (30 inch height) completely covered during the summer with vivid rich blue flowers. One of the most beautiful flowering shrubs known. Plant in part shade or full sun. 35c each. Prepaid.

Hydrangea Quercifolia (Oak Leaved Hydrangea)—Shrub to 6 feet high. Produces in spring enormous panicles 6" wide, 10 to 12" long of cream-yellow flowers. Foliage large and attractive, turns yellow and scarlet in the fall. Will stand full sun. One of the finest of all flowering shrubs. \$1.00 each. Very hardy. Prepaid.

Calycanthus florida—(Spice Bush or Sweet Shrub.) A very hardy deciduous shrub producing in late spring very double dark red flowers that have the fragrance of strawberries. Does well in either full sun or all shade. Foliage large and attractive. 3 to 4 feet, 75c each; 4 to 5 feet, \$1.00. Prepaid.

New Lilac "Metensis"—A hardy and very prolific flowering variety producing very long and full clusters of flesh pink flowers. Clusters of flowers up to 15" long. These clusters are produced even on small plants. Greatly admired by all visitors to our gardens. Strong plants at \$1.00 each. Prepaid.

Philadelphus "Virginal"—Semi-double flowers. Pure white, very fragrant. Blooms larger than any other variety. Blooms intermittently all summer. 2 to 3 feet, 75c. Prepaid.

Forsythia spectabilis—Hardiest of all Forsythia. Profuse bloomer excellent for marginal or group planting. Showiest of all varieties. Rich yellow flowers. 3 to 4 ft. at \$1.00; 2 to 3 ft. at 75c. Prepaid.

Brunsfelsia grandiflora—A fine shrub for growing in partial shade. Absolutely hardy. Produces quantities of deep lavender flowers with fragrance not unlike that of gardenias. Blooms over two months in late spring and early summer. Height 5 feet. Strong plants. Well branched at \$1.75 each.

FOR SHADE

Clerodendron fallax—Glory Bower or cashmere Bouquet. A robust growing, all summer flowering shrub producing large hydrangea like heads of flowers over the entire summer. Flowers deep rose pink very fragrant. One of the best plants for flowering in shady places. 75c each. Prepaid.

NEW CORAL SHRUB

(Illustrated in Color Above)

Handsome shrub blooming throughout the summer months. Creates a sensation when in bloom. Flowers are borne in huge panicles ranging from 2-2½ feet long and about 8" across. Color is scarlet enhanced by a center zone of jet black. Grows to height of about 6 feet. Very graceful. One of the most beautiful and spectacular of all shrubs. Withstands temperatures as low as 10 degrees above zero. Strong roots for \$1.00. An excellent plant for a tub in the eastern states.

AZALEAS

Azalea Altaclarensis—Beautiful selected form. Flowers golden yellow with orange centers. Clusters are large reminding one of a yellow rhododendron. Fragrant. Easily grown in part shade. Foliage is yellow and scarlet in winter. Augments the beauty of any garden. 18 to 24 inches, \$2.25. Not prepaid.

Azalea Mollis—Orange, apricot and yellow flowers borne in great profusion. Very fragrant. Medium size shrubs preferring partial shade. 75c each. Prepaid. Balled, 12-15" @ \$1.25. Not Prepaid.

Azalea Schlippenbachi-Royal Azalea—Beautiful rose pink flowers, 3" in diameter. Largest flower of this species. Plant in partial shade. (30-36 inches branched.) \$2.50 each. Not prepaid.

New Red Buddleia

"Dubonnet" Butterfly Bush. Color an exact counterpart of the popular French shade "Dubonnet". In sunshine and under artificial light it glows almost a true red. Firm cylindrical spikes, heavily set with individual flowers of good size that do not sunburn. Plant of robust erect growth. An excellent cut flower harmonizing well with other outdoor flowers. Flowering from May until October. Two year plants 75c; one year @ 50c each prepaid. One of the finest plants ever introduced. Grows to 6 feet high.

RARE ORIENTAL SPRING BLOOMING MAGNOLIAS

Among the most beautiful flowering trees in the world. These deciduous magnolias bloom in the spring before the foliage appears. Most of them are perfectly hardy throughout the United States.

Magnolia macrophylla—A round headed tree to 25 ft. Young growth woolly. Leaves very large oval to oblong from 18" to 3 feet in length. Flowering with unfolding of leaves, flowers cup shaped. Creamy white very fragrant 10 to 12" across, petals purplish at base. Petals reflexed. Rose colored fruits in fall. A most unusual tree and very striking in its beauty. \$1.50 each. Prepaid.

Magnolia Rustica Rubra—New introduction to America. Extra large cup shaped flowers of dark reddish purple. Small 18-24". \$2.00 each. Prepaid.

Magnolia Liliflora — Lily Magnolia. Flowers, 4 to 5" long—purple outside and lavender within. Blooms remain cupped similar to a tulip in form. 24-30", at \$1.00. Very hardy.

Magnolia Stellata—(Star Magnolia)—Small, spreading tree that blooms very early. Very fragrant pinkish white flowers that are 3" in diameter. These flower masses are most beautiful on this very rare Chinese magnolia. 15 to 18". \$1.00 prepaid.

Magnolia Soulangeana Alexandrina — Small tree with large 8" blooms of deep rose. 18-24" \$1.00 each, prepaid.

Magnolia Glauca—Sweet Bay—A small evergreen tree. Flowers 3" in diameter appearing with the leaves. Very fragrant. 3-foot trees \$2.25 each.

Magnolia Lennei—Large flower, attaining diameter of 8". Petals broad and rounded. Color—outside deep crimson and inside nearly white. Unusually fragrant. Blooms ten days later than *Soulangeana*. Leaves 12" long and 8" wide. Plant in full sun or partial shade. 18" to 24" in height. \$2.00 prepaid.

Magnolia Soulangeana Nigra—Pyramidal and very attractive tree (medium hize). Very fragrant. 7" flowers of dark purple that bloom recurrently from March to the end of the summer. 18" \$1.00 each. Prepaid.

FLOWERING TREES

Henderson's New Hybrid

New Japanese Red Bud—A most unusual red bud. Produces in early spring, branches laden with blossoms. Enormous clusters giving the effect of great plumes. Selected roots from the original tree. \$2.50 each. Effect at a distance is fire red.

Red Bud (Japanese)—Handsome small tree or shrub from Japan. Grown for its showy reddish pink blossoms, produced in earlier spring before the leaves appear. Very striking plant growing with little care after established. Young trees, 75c each. Flowers much larger and more showy than our native species.

Laburnum Vossi—"Golden Chain" tree. 30 feet. Spring blooming tree with long wisteria-like clusters. (to 20") of golden yellow flowers. A magnificent flowering tree. Plant in sun; very hardy. 4-6 feet at \$1.50.

Koelruteria paniculata—"Golden Rain Tree." A small tree with compound foliage producing in early summer enormous panicles of golden yellow flowers, frequently 3 feet in length. Seed pods in fall resemble Japanese Lanterns in form. Very hardy. Trees 30 to 36" in height, 75c each. Prepaid.

Fall Blooming Tree

Cassia Splendida—Golden Wonder. A fall blooming small tree growing to 10 feet. Hardy in climates as low as 10° above zero. Very large flowers of a beautiful golden yellow produced in masses. One of the very few fall flowering trees. Plant in full sun for best results. 75c each. 36" trees. Larger @ \$1.50.

Rosa Hugonis

Golden shrub rose of China. The long graceful branches with fern-like leaves are covered in early spring with wreaths of fragrant yellow flowers. Plant as a shrub for color effect. Grows 4-5 feet high. Strong plants, \$1.00 each. Medium sized plants 75c.

Rosa Xanthina—A semi-double bright yellow flowered shrub rose. Height to 6 feet. Very handsome and very worthy of trial by gardeners who desire masses of color. \$1.00 each. Strong plants.

Rosa Bicolor—A shrub growing 4-5 feet high. Blooms from early spring to summer. Flowers are single 2½-3" across and are the richest coppery scarlet I have ever seen in any flower. A cluster of golden stamens enhances the beauty. Reverse of petals are gold. Strong plants \$1.00. Medium @ 75c.

Border Rose

"Chatillion" Rose — A polyantha or floribunda type rose. Produces enormous clusters of 50-60 flowers per stem. Each terminal resembles a huge spike of perennial phlox. Color is brilliant cherry rose with white centers. Very showy and most attractive. Blooms both spring and fall, and is thereby advised for long season of bloom and very useful for border displays. 25c each.

Orchid Tree

Bauhinia Purpurea — "Orchid Tree." Small evergreen tree producing in greatest profusion flowers from 3-5" across. Colors vary from light to rich purple shaded with many tones. Should be planted in a southern exposure for best results. Strong young plants. Prepaid. 75c each.

Dwarf Hedge

Dwarf Pomegranate—Dwarf plant not exceeding 25" in height. It produces quantities of small red flowers over the entire summer. Fine for very low hedges. It is very hardy. 25c each. \$1.50 per dozen.

Malus Eleyii

A new and startling hybrid. Branchy and fast growing trees. Foliage in early spring a brilliant red that gradually turns to bronze. Reddest of all crabapples. Single dark red blooms; very prolific and produces masses of bright red fruits about the size of large cherries. Large trees 4-6 feet @ \$1.50 each. 36" trees for \$1.00 each.

Hawthorn "Paul's Scarlet"—The best of all flowering hawthorn varieties. A medium sized tree to 20 feet. Too well known to need a description. 5 to 6 ft, 2 year branched \$2.00. 4-5 feet whips, \$1.00. Prepaid.

Tamarix — Summer blooming type. Feathery foliage. Blooms throughout the entire summer producing quantities of lilac-pink flowers resembling Lily of the Valley. Very rapidly growing tree and succeeding well with little or no care. 50c.

Canary Bird Shrub (Crotalaria agatifolia)—A large fall flowering shrub blooming from October to frost. Plant in early spring. Has long spikes of large flowers (chartreuse-yellow in color). These resemble birds perched on a stem. Very unusual and outstanding. Requires excellent drainage. 4" pots ready in spring @ 50c each. Fast growing.

VIOLET BUSH

Iochroma Lanceolata — An exceptionally strong growing shrub. Height 8 feet and flowers entire summer. Flowers produced in terminal clusters of rich violet blue. Very showy. 1 gallon cans @ 75c. Requires full sun and south exposure recommended. Not prepaid.

Rose Locust (Robinia Hispidia)

Small tree growing to 15 feet. Produces a perfect mass of orchid pink clusters about 5" in length in early spring. These resemble Wisteria clusters. It flowers continually till July. Very striking and quite rare. Grafted trees for \$1.50. Prepaid.

Malus Arnoldiana

Flowering Crabapple. Shrub about 5 ft. in height. Long weeping branches resembling a Spirea Van Houttii. Flowers in masses. Buds are bright rose red opening to a light pink shade. The effect of two colors on the bush is very beautiful. This is one of the rarest of all flowering crabapples and is highly recommended. 3-4 feet. \$1.50 each.

Fast Growing Shade Trees

Modesto Ash—The West's newest high class shade tree. Great advance in beauty and hardiness. Grows like a perfect Arizona Ash but has no seeds and develops faster. Disease free and extremely drought resistant. Foliage hard and glossy on both sides. Finest shade tree known. 6-8 ft. at \$1.50; 8-10 ft. at \$1.75.

Robinia Decaisiana—Showy flowering locust. Producing very long clusters about 15-18 inches in length. Beautiful rose-pink. Splendid shade tree growing very rapidly to a height of 40 feet. Grafted specimens \$1.50 and \$2.00. These are among the most beautiful of spring flowering trees. Drought resistant. Not prepaid.

Silver Maple—Large tree, rapid growth on under side. More rapid grower than the sycamore. Excellent shade tree for interior valleys. Large trees 8-10 feet high, \$1.25 each, 6-8 feet \$1.00 each; 12-14 feet @ \$2.50. Largest size not prepaid.

American Sycamore—A very large tree that should be more widely used. More resistant to insects and more beautiful foliage than its European cousin. 5-6 ft. at \$1.00 each.

Butternut (Juglans cineria)—A beautiful tree with enormous foliage. Makes an excellent shade tree. Producing quantities of nuts with white meats of excellent flavor. Strong young trees \$1.00 each. Prepaid.

Pink Flowering Acacia—One of the most graceful of deciduous trees. Hardy as far north as Washington, D. C. The long finely cut fern-like leaves are often 2-ft. in length. Blooms most of the summer. Flowers lavender pink and form in large terminal heads. Trees grow 30 ft. Vigorous young trees. \$1.00 each.

SCARLET OAK

Quercus Rubra—Red Oak. Beautiful stately tree assuming rich autumn color. 75c each.

Clematis Coccinea

A very hardy rapid growing herbaceous vine to 20 feet. Blooms throughout the entire summer. Flowers are urn shaped; about 1" in diameter and 2" long of brightest vermillion. Inside of flower is intense golden shade. One of the most graceful and attractive flowering vines I have ever seen. Must be planted in sun for best results. Strong roots. 75c each.

Autumn Colored Trees

Crateagus cordata "Washington Hawthorn"—A small tree to 15 feet. Large white flowers in masses in the spring, followed in late summer and fall by large clusters of Pyracantha like berries of deep red. Foliage assumes wonderful autumnal tints of yellow-gold bronze and red. A beautiful tree. 4-5 ft, \$1.75. Prepaid.

Euonymus Europaeus—(Flame Tree) small 15 feet in height. This tree colors so vividly in the fall and winter that leaves resemble poinsettia petals. In addition, it bears such an abundant crop of crimson rose pods as to almost cover the tree. Later these pods burst, showing orange colored seeds. Very hardy (resistant to drought) and one of the most spectacular of all trees. \$1.00 prepaid.

Liquidamber—(Deciduous) Tree growing to 60 feet. Symmetrical habit with maple-like lustrous leaves assuming a deep crimson color in autumn. Free from insects and diseases. 4-5 feet. \$1.50 each. Smaller size \$1.00. Prepaid.

NEW HYBRID CLEMATIS

Clematis Ramona—Deep sky blue flowers. Unusually large 9-10" across. Vigorous habit and free flowering. \$1.00 each.

Clematis Jackmani—Large flowers 5-6" across. Petals very broad. Velvety purple. 75s each.

Clematis Henryi—Robust plant, free bloomer. White. Flowers to 8" in diameter. 75c each.

Clematis Mme. Edouard Andre—A deep crimson; flowers 5-6" in diameter. 75c each.

Clematis Ville de Lyon—Vigorous deep claret red. Very hardy. 75c each.

Clematis Mm. Baron Veillard—Extra vigorous type. Free bloomer. Very large light rose flowers. 75c each.

Clematis Dutchess of Edinburgh—Beautiful double white. Petals attractively arranged and imbricated. 75c.

NEW EVERGREEN CLEMATIS

Clematis Armandii grandiflora—Evergreen climber, very vigorous. Producing its large 2" blooms of pure waxy white in such profusion as to almost completely cover the plant. Foliage glossy dark green frequently with leaves 6-8" in length. Flowers very fragrant. Certainly the most beautiful evergreen flowering vine in existence. Destined to a popularity beyond comprehension when better known. Flowers in early spring. Large plants \$2.50 each. Smaller size \$1.50. Not prepaid.

Clematis Armandii (Snowdrift)—New improved Armandii imported from England. It produces larger flowers than the parent. First time offered in the U. S. 4" pot @ \$2.00. New growth bronze red.

Clematis Chrysocoma—Very rapid grower and extremely graceful vine. Fragrant like a Mock-Orange. Produces long weeping branches laden with 2" pure white flowers during the spring. Very hardy. Best in partial shade. Deciduous counterpart of the Evergreen Clematis Armandii. 75c.

Clematis Jouiniana—Fast growing hybrid. Flower racemes up to 5 ft. in length produced during August and September. The flowers are bell-shaped, and are fragrant. Their color is delicate lavender. Plants are strong growers and foliage is large. 75c.

Ficus Repens—Climbing Fig—Ideal evergreen vine for climbing stucco walls, as it clings perfectly. Excellent foliage. 25c.

Hedera Hahn's Branching Ivy—Small leaved vine. Dainty and full foliaged variety 35c Prepaid.

CLEMATIS SPECIES

Clematis montana rubens—A rapid growing vine to 20 feet. Flowers produced in masses in early spring. 2 to 3" in diameter. Pink in color. Beautiful spring flowering vine. 75 cents each.

Clematis tangutica (Golden Clematis)—A very beautiful fast growing vine producing golden yellow flowers in late summer and fall. 75 cents. Prepaid.

Clematis paniculata—Japanese flowering clematis. When in bloom in the fall the vine is completely covered with white very fragrant flowers. Racemes of blooms often 5 feet long. A very fast growing hardy vine. 2 year \$1.00. Prepaid.

Confederate Jasmine—Star-shaped flower; pure white—very fragrant. Foliage thick and glossy. Evergreen vine blooming five months. Gallon cans, 75c.

Rhynosperrum divaricata—A new confederate jasmine species with flowers one-third larger than the common variety. Pure white but with a distinct yellow eye. A remarkable variety. Young plants in gallon cans \$1.00 each. Not prepaid.

Mandevillea (Chilean Jasmine)—A handsome summer flowering vine with large 2" blossoms of pure waxy white. Intense Jasmine fragrance. Foliage large and very attractive. Highly recommended. \$1.00 each.

A NEW EVERGREEN WISTERIA

Milletia Japonica (Formosa Wisteria)—A splendid evergreen flowering vine producing throughout the entire summer, long clusters of deep purple Wisteria-like flowers. Strong rootings \$1.50 each.

CLEMATIS

(See Above Photo)

Among the world's finest flowering vines. Produces very large, attractive flowers from May to the November frosts. Very hardy; withstanding temperatures with perfect safety to 10 below zero. Will grow equally as well in part shade as in full sun. Flowers long lasting and useful for bouquets. No cultivation needed. Need plenty of water and good drainage. Acid soils not recommended. These are excellent for a very long season of bloom (surpassing even the hybrid tea roses in this respect). All plants offered will bloom well first year planted.

RARE CLEMATIS

Dutchess of Albany—A beautiful bright pink Jackmani X coccinea hybrid. Vigorous and the best of all pink varieties. \$1.00 each. Prepaid.

Lord Neville—A very large flower of deepest plum purple almost royal purple. Easily the best of Jackmani hybrids of deeper shades. \$2.00 each.

Clematis "Crimson King"—A magnificent crimson variety. Flowers up to 8 inches across. Gorgeous is the only adjective to apply to this new variety. \$2.00 each.

"Climbing Cineraria"

A rapid growing vine blooming throughout summer into fall. Flowers about 2½" across of brilliant copper scarlet, daisy like in form. One of the most beautiful flowering vines known and should be in every garden. Produces large clusters of bloom. Plant in full sun in southern exposure. 75c each. Prepaid.

A New Bignonia Grandiflora

A very rare giant flowering trumpet vine bearing many apricot pink and orange flowers that are from 3-4" in diameter. Flowers are borne in immense clusters and will average over 100 to a single cluster. Quick grower. Hardy anywhere. Strong grafted plants ready from December to April 1st. In bloom all summer. 1 year grafts, \$1.50; 2 year at \$2.00. Does not produce seed pods.

Polygonum auberti (Silver Fleece Vine)
A strong growing all summer flowering vine, producing perfect masses of white flowers that are quite fragrant. Easily grown and disease free. 75c each.

Hydrangea petiolaris—Climbing Hydrangea. Attractive self clinging vine. Flat loose clusters of fragrant white flowers averaging 5" across. Good on stone or brick walls. 75c. Prepaid.

Jasminum Poeticum—Evergreen vine, producing masses of starry white fragrant flowers, in the spring. Lustrous shiny foliage. 75c.

Tecoma Jasminoides Rosea—Fast growing evergreen, producing masses of delicate pink flowers in the spring. 75c.

Hardenbergia—Produces beautiful long racemes of richest violet blue in the spring. Unusually attractive and showy vine. 75c. Needs part shade.

Bignonia Grandiflora (Mme. Galen)—Vivid copper red exceedingly large flowered trumpet vine. Blooms profusely entire summer. \$1.00.

EVERGREEN VINE

Bignonia Violacea—Evergreen Trumpet vine flowers large, orchid lavender, yellow center. Foliage glossy. One of the most beautiful flowering vines. 75c each.

NEW Chrysanthemums

"Gabriel's Trumpet" (Moore)—Unusually fine single hardy garden mum. Petals tubular expanding near tip to a soft shade of Chinese scarlet from a silver buff. One of the most unusual mums ever introduced.

Margaret Waite—Finest variety for late blooming. Withstands rain and frost well. Stems may be cut 24-30" long. Color deep sparkling rose pink. Semi-double. Has no equal for lasting quality and cutting. Possesses rich, spicy fragrance.

Ira K. Skiff—Golden bronze, large semi-double and very early. Attracts attention in any garden.

Dream—New pom-pom. Very double perfect flowers, bright clear rose-pink in color. Very graceful in the garden.

New "Princeton" Chrysanthemum—Splendid upright grower with foliage that turns a glorious red and bronze color in the fall. Color of flowers is unusual and very new; a rich calendula orange. Flowers 2½" across; very double on perfect stems. A splendid addition to hardy chrysanthemum groups. 25c each; \$1.50 per dozen.

Chrysanthemum erubescens—A newly introduced species that is in bloom all summer. Flowers about 2½" across and are a very beautiful soft pink. Plant grows to height of 24 inches. Foliage decorative and very hardy. 25c each. \$1.50 dozen.

New Everblooming Chrysanthemum—Unlike the regular chrysanthemum type that blooms only once yearly, this produces a full crop of flowers in the late spring, and also a second crop in the fall. Flowers about 3" in diameter. Color rose pink, on stems 18" long. 50c each; \$2.50 per 12.

25c each, \$1.50 per dozen on all above varieties of chrysanthemums.

CHRYSANTHEMUMS

(continued)

Stillman Kelley—A huge white large flowered type. Fully double flowers produced on perfect straight stems (¾" diameter and very straight). Most easily grown of all large white mums.

Major Bonnaffon—The old reliable ball-shaped commercial large flowered mum. Fine grower.

Vermont—Large flowered mid-season medium pink. Fine variety.

Silver Nugget—Large flowered and easily grown white variety. Similar to large decorative dahlia. Tall grower and early bloomer.

Mars—Hardy Korean Hybrid. Deep wine-red in color. Very hardy and strong grower.

Mercury—Hardy Korean Hybrid. Combination of old rose and salmon. Excellent for cutting and very attractive in garden.

Hasegawa Red—Beautiful deep true blood red with distinct yellow center. 3" flowers produced in masses on long stiff stems. Ideal for cutting and the best of its color I have ever seen grown anywhere. Highly recommended.

American Beauty Pompom—Perfect 2" fully double flowers of richest deep American Beauty Rose. Grows to height of 24".

New Dwarf Oleander. A dwarf type not exceeding 5 feet in height adapted to use in the small garden and for use as tub specimens for porch or patio use. Large flowers of salmon buff freely produced over entire summer. Leaves are half-size of ordinary varieties. Flowers single and self cleaning. One of the most unusual oleanders ever grown and should become very popular. \$1.00 each.

Daphnes

Daphne Cneorum—Dwarf species for rock gardens. Needs afternoon shade and no cultivation. Attractive pink flowers in clusters in early spring. Very fragrant. Strong plants. 75c each.

Daphne odora marginata—Winter flowering hardy shrub for a shaded or partly shaded location. Pink flowers in clusters, very fragrant. Needs perfect drainage and no cultivation. 75c prepaid.

Rhododendron

Rhododendron Hybrids—Start a fine collection of this beautiful flower. Strong 3 year old stock. 75c each, prepaid. Mixed colors.

Rhododendron Himalayicum—Exceedingly spicy fragrance. It produces very large 3½" blooms in the spring. Pure white in color, and when in bloom will scent the entire garden. \$1.00.

EVERGREEN FLOWERING SHRUBS

Cistus Purpureus—An excellent summer flowering evergreen shrub producing over several months mallow-pink ruffled flowers with centers of dark red. Prefers a semi-dry location with good drainage. 75c each. Not prepaid.

Hypericum Henryli—A splendid shrub for partial shade growing to 4 feet in height producing its 2" plums of golden yellow throughout the entire summer. Very hardy and one of the best of all sub-shrubs. 75c gallon cans. Not prepaid.

Osmanthus aurantica fragrans—A fine hardy evergreen shrub producing quantities of deep gold flowers. Has extremely fine fragrance. Grows to height of six feet. Blooms during the fall when most flowering shrubs are out of season. 30" plants at \$1.50 ea. Not prepaid.

A Hardy Gardenia

Gardenia "Mystery"—A selected form of the Cape Jasmine, flowers much larger and adapted to outdoor culture. Easily grown, flowering all summer. By far the best of all gardenias for garden use. 18-24 inches gallon cans at \$1.00. Balled 18-24 inch at \$2.50. Not prepaid.

WAX FLOWER

Chamaelaucium Ciliatum—Geraldton Wax Flower. Fast growing winter flowering shrub. Graceful habits and grows to height of 5 ft. Very delicate ½" wax-like flower blooming in masses over many months. Excellent keeper when used as cut flower. Should be planted in full sun in southern exposure. 1 gal. cans @ \$1.25. Not prepaid. Needs good drainage.

Justicia Carnea (Brazilian Plume)—A beautiful shrub with large shiny foliage and produces throughout the entire summer terminal spikes of deep rose flowers. Adapted for partial or entire shade. 1 gal. cans @ 75c. Grows to height of 5 ft. Not prepaid.

Berberis Darwinii—A splendid dwarf shrub to 30"; flowers of pure gold, produced over many months. Foliage holly like and highly colored in winter. 15-18 inches at 75c not prepaid.

Viburnum Japonica (Japanese Snowball)—A beautiful broad-leaved evergreen growing to 6 ft. Produces large flower heads of white, followed by red berries. Unusually fine foundation shrub. May be planted in shade or part shade. 1 gal. cans @ 75c. Not prepaid.

Viburnum Rhytidiphyllum—Large foliage heavily veined resembling tooled leather. Striking foliage plant for full sun. Grows to height of 5 ft. 1 gal. cans. 75c. Not prepaid.

"Gigantea"

(See Above Photo)

The largest flowered Shasta daisy I have ever grown. Blooms well over 6 inches in diameter produced over the entire season. Semi-double in form. Possesses great substance and the most outstanding keeper of all, when cut, keeping almost two weeks. Stems strong and erect. **Wonderful new variety.** 50c each; \$3.00 per dozen.

Shasta Daisy "Chiffon"—The original fringed shasta daisy introduced by Burbank almost 50 years ago. Small 2" flowers produced continuously on dwarf plants not exceeding 15" in height. Fine for cut flowers and borders. \$1.50 per dozen. 25c each.

Evergreen Flowering Shrubs

Viburnum Suspensum — Large deep shiny foliated variety, producing masses of fragrant pink flowers in spring. Will grow in either sun or shade to height of 6 ft. A splendid foundation shrub that wears well. 1 gal. @ 75c. Not prepaid.

Abelia Schumani (Pink Abelia) — Graceful all summer flowered evergreen. Grows to height of 6 ft. Unusually useful as a flowering shrub. 1 gal. @ 75c. Not prepaid.

Abelia Grandiflora—Exceedingly useful evergreen growing to 6 ft. Tubular white flowers produced incessantly throughout entire summer. Very hardy and highly recommended. 1 gal. @ 50c. Not Prepaid.

Leptospermum Compacta—Silver colored foliage; compact grower not exceeding 4 ft. Extra fine accent plant for combining with darker green shrubs. Covered in spring with small white flowers. Requires excellent drainage and full sun. 1 gal. @ 50c. Not prepaid.

Correa Pulchella—Australian Fuchsia—Fine evergreen growing to height of 5 ft. and producing throughout winter months quantities of small delicate tubular pink flowers. 1 gal. @ 75c. Not prepaid.

New Double-Flowered Blue Agapanthus (Lily of the Nile)—Recent importation from Japan. It produces double flowers of deep blue in same large flower heads as the original variety. However, the flowers are longer lasting. Grows to height of 5 ft. 75c each. Strong divisions.

"Lacinatus"

Shasta Daisy (close view showing petal arrangement. See photo on right showing field grown plants of this beautiful new Shasta daisy. Also see description below photo on right.

"Snow Queen"—Shasta Daisy Hybrid. Flower lovers who saw this last year were amazed at the size and abundance of bloom of this variety. Large blooms on long stems 3 feet in length. Semi-double. Individual petals very wide. 25c each, \$1.50 per dozen. A greatly improved Alaska daisy.

"Supreme" — New Shasta Hybrid. Flowers 4" in diameter. Possesses 14 distinct layers of petals which when fully developed make the flower 3" in depth. It resembles a pure white zinnia. Grows to height of 30". Good bloomer and excellent cut flower. 50c each.

Shasta Marconi—A very large double frilled Shasta produced on long stems with flowers up to 6" in diameter on good strong stems. 50c each. This flower resembles a white aster. \$3.00 per dozen.

New Shasta Daisy "Esther Reed"—An English variety that is fully double and well worth while. Unusually beautiful and exceptionally free of bloom. You will be more than pleased with this variety. 50c each. \$3.00 per dozen.

BANANA SHRUB

Michelia Fuscata — Beautiful evergreen shrub with dark green lustrous foliage. It produces masses of 1" cream yellow flowers. Grows to height of 5 ft. Fragrance suggestive of ripe bananas. Used extensively in Southern States as a very valued plant for their gardens. 1 gal. 75c. Not prepaid.

Heavenly Bamboo

Nandina Domestica — Very graceful feathery plant with red berries in the fall and bright scarlet and gold autumn foliage. Grows to height of 5 ft. Requires full sun. 1 gal. @ 50c. Balled 24-30 @ \$1.50. Not prepaid.

"Lacinatus"

New Shasta Hybrid. A very beautiful new lacinated daisy. Large 4" flowers that carry a large number of petals, the ends of which are finely cut. Plants are vigorous, growing to 3 feet in height and bloom over a long period. Excellent cut flower. The best of its type ever grown. Divisions from original plant 50c each; \$3.00 per 12. Not less than 12 at this rate.

"Sun-Ray" Shasta—Flowers 5" in diameter. Larger than Lacinatus and of similar form except the bottom row of petals are flat. A very beautiful new form Shasta hybrid. 50c each; \$3.00 per doz. One of my personal favorites.

SPECIAL COLLECTION

Special collection of above varieties one each \$1.75 prepaid. Value purchased separately, \$2.25. Five varieties included in collection.

Fine Evergreen Foliage

Xylosma senticosum—A most attractive plant. Shiny green foliage evergreen to 6 feet in height, followed by red fruit. New growth bronzy red. A fine foundation shrub. One of the finest foliage plants grown. 1 gallon cans 75c. Not prepaid.

HARDY EVERGREEN AZALEA

Azalea hinodegira—Most easily grown of all evergreen Azaleas producing bright red blossoms in such profusion as to cover entire plant. Blooms last longer in good condition on plant than any other type of Azalea. Grows to 3 feet. Larger, balled 12 to 15 inches \$2.00; 4 inch pot at 75c. Not prepaid.

Azalea "Paul Schaume"—A gorgeous salmon shade with double flowers 3" across. Produces very freely. Most beautiful new variety. 4" pot @ \$1.00. 6" pot \$1.50; 8" pot \$2.50.

W. H. HENDERSON'S NEW "FIESTA" ZINNIA

Beautiful new creation. The most astonishing new variety and a distinct break, in two colors. Individual flowers 1-1½ inches in diameter. No two flowers, even upon the same plant, are ever alike. Admirably adapted for cutting and bedding purposes. Height 18-24 inches. Colors are vivid yellow striped, quartered and halved with scarlet and orange. Makes one of the most attractive cut flowers because of the individuality of each blossom. 25 cents per package.

HENDERSON'S NEW GIANT AMARYLLIS Illustrated in color on front cover.

These magnificent new creations produce some of the largest flowers known. They are seldom less than 6" in diameter, and frequently 14". As easy to grow as Iris or Gladiolus. I especially recommend them as substitutes for tulips in warm climates as they increase in size and beauty each year. **IMPORTANT:** Do not confuse these Amaryllis with the familiar summer-blooming Amaryllis Belladonna on which the foliage dies in summer. These new creations have both foliage and flowers at the same time. Plant in full sun. Colors are white, beautifully marked and striped with crimson; ruby-red, light and dark shades of pink, scarlet and a dark velvet red. After the bulbs are established they will bloom several times a year. The largest crop of flowers is borne in spring, about the same time the Darwin tulips are in bloom. Unequalled for garden use in the West. **Plant September to March.**

In form the flowers resemble gigantic lilies. Mixed colors, large blooming size bulbs are 75c each; \$3.00 for six; \$5.00 for 12. Smaller bulbs, 1½" @ \$3.00 per 12, will bloom in 3 months. Prices on planting stock in quantity upon request. Selected colors at \$1 each. Prepaid.

Two Rare Flowering Crab-apples

Malus Ming Shing (Star of Heaven) — Weeping red flowering crabapple. Small tree or shrub. Color of flowers is velvet red creating a scarlet sheen when sun shines on the tree. Very Oriental in its splendor. Trees 4 feet in height. \$2.00. Rare.

Malus Hopa—A beautiful flowering crabapple. Large rose colored blossoms produced over entire tree. Stems of blooms may be cut well over 3 feet in length. Yellow apples in fall cover the entire tree. \$2.00. Prepaid.

HARDY PINK EUCALYPTUS

Eucalyptus Rosea—A very beautiful deep pink flowering variety growing to height of 30 feet. Recommended for valley conditions because of ability to withstand temperatures as low as 15° Fahrenheit without damage. \$1.00 each in gallon cans. 3 feet. Not prepaid. Flowers produced in large clusters.

Veronica Hendersoni Nana — A free flowering deep blue veronica not exceeding 12" in height. Good for borders. A hardy perennial. Plants @ \$1.50 per dozen. 25c ea.

Meyer Lemon—A unique variety not exceeding 7 feet. Produces enormous quantities of fine well-flavored fruit. Excellent where space is at a premium. Balled plants 18-24" \$2.00. 1 gal cans @ 75c. Not Prepaid.

Burbank's "Paradox" Walnut—A rare and unique hybrid between the Eastern Black Walnut and an English Walnut. Foliage enormous. The fastest growing walnut type known. Bark smooth. Our parent tree has a spread of 40 ft. and is only 15 years old. Fine vigorous trees @ \$1.50 each.

SPECIAL IRIS COLLECTION

One bulb each of varieties pictured at right sent prepaid for \$3.50. Value purchased separately \$5.00. Saving to you of \$1.50.

Any varieties listed below will be supplied three at price of two.

1—IRENE 2—TERESA 3—SUNSET GLOW 4—VELVET WONDER 5—COPPER SHEEN

WM H. HENDERSON'S NEW GIANT IRIS HYBRIDS

IRIS VARIETIES

Sunset Glow (see illustration above)—Gorgeous and most unusual combination of colors. $5\frac{1}{2}$ " flowers. Grows to height of 36". \$1.50 each.

Mrs. K. S. Battelle—Height 38". Large $5\frac{1}{2}$ " fls. Pure white bordered both standards and falls with lavender blue. Fine plicata. \$1.00 each.

Mrs. G. Smith—Height 38". Fine plicata with 5" flowers of white bordered and flushed with bright blue. Excellent stems. Very resistant to wind and heat. \$1.00.

Mrs. F. E. Cook—36" height. Color orchid pink veined with rose. Effect is a mass of pink. Very profuse bloomer. 50c each.

Mrs. Geo. Helm—Improved Santa Barbara (double size of orig. var.) Clear colored lavender blue. 50c each.

Mrs. R. S. Heaton—Height 48". Gigantic mauve and pink flowers. Early bloomer. 50c each.

Carolyn Cory—Early strong variety. Large lavender blue flowers. 50c each.

Giant Claret Red—Very large 5" flowers of claret red. Extra fine variety. 75c each.

Calif. Gold—Height 36". Best deep golden yellow. Large flowers and extra fine. \$1.00 each.

Happy Days—Height 48". Largest yellow iris. Blooms to 7". Lighter in color than Calif. Gold. 75c each.

Alta Calif.—Height 48". Clear yellow in color and medium size fls. Excellent in masses. 25c each.

Pluie de Or—Height 36". Deep yellow color. Medium size and very free bloomer. 35c each.

Irene (see above illustration)—Large $5\frac{1}{2}$ " flowers produced abundantly. Outstanding in every detail. \$1.00 ea. 36" in height.

Teresa (see above illustration)— $5\frac{1}{2}$ " flowers. Gorgeous combination of colors. Height 36". \$1.50 each.

Velvet Wonder (see above illustration) Magnificent deep mahogany red with gold beard. Height 36". \$1.00 each.

Copper King—48" Height. Falls are dahlia purple with standards copper in color. 50c each.

Copper Sheen—Most magnificent of all copper and orange blends. $5\frac{1}{2}$ " flowers 36" in height. \$5.00 each.

San Joaquin—48" height. Standards claret rose. Falls carmine lake. 50c ea.

Royal Blue—40" in height. Standards richest blue with falls. Very prolific and fine grower. 50c each.

Shining Waters—Clear azure blue. Height 36". 35c each.

Sierra Blue—soft clear blue. Excellent variety 36" in height. 35c each.

Santa Barbara—40" height. Pure lavender blue self-color with flaring falls. Early bloomer. 15c.

San Diego—48" in height. Huge flowers. Color deep blue to purple. 25c.

Easter Morn—48" in height. Early bloomer. Very large flowers. Best white of all. 50c.

Purissima—48" in height. Very early bloomer. Pure white. 20c.

Clara Noyes—36" in height. Early bloomer. Talisman rose in color. 20c.

Euphony—24" in height. Color is a copper blend. Ruffled petals. 10c

Freida Mohr—42" in height. Early bloomer. Very large mauve and pink variety. Fine for cut flowers. 20c.

Grace Sturtevant—36" Reddish brown and carmine blend. 25c.

Depute Nomblot—48" in height. Coppery red flushed with bronze. A super-Iris. 35c.

W. H. HENDERSON'S GIANT ZINNIAS

(Illustrated Above)

Wonderful rich color combinations never before seen in this type of zinnias. Enormous full double flowers rivaling dahlias. This strain is unique in that no two individuals are alike in color or type. Many new types are semi-cactus, crested and the new chrysanthemum flowered type. Colors including old gold, salmon, golden yellow, orange, scarlet, dark velvet, crimson, lavender, light and deep pink, with flame centers. They represent the very highest development stage of the modern zinnias. Seed offered only in mixed colors (above 150 seeds in pkt.) 50c pkt.; \$1.25 for 3 pkts. Half-packets @ 25c.

The Zinnias described above are the result of eighteen years of constant selection and crossing. Anyone who has ever seen these in bloom needs no introduction as to their superior colors and size.

ZINNIAS

Henderson's Baby Zinnias—Plants low and compact rarely exceeding 2 ft. in height. Excellent for bedding purposes. Flowers are small and produced in great profusion on long stems well above foliage. Make gorgeous display in the garden. More delicate and graceful for small bouquets than other zinnias. Mixed colors only 25c pkt.

New Mexican Sunflower "Fireball"—A rare annual from Mexico. Many stout stems grow from the base with large leaves. The flowers are large and remind one of an immense single dazzling scarlet zinnia. Blooms for a long period and is far superior to the older type. Good in the background of wide borders. 25c per packet.

Burbank's Amaranthus "Molten Fire"—An easily grown annual growing to height of 4 feet. Foliage striking deep maroon developing centers of vivid fire red. Sow after danger of frost. 25c pkt. **New "Will Rogers" Zinnia**—Large fully double flowers of a vivid deep red. Dahlia flowered type of special value to lovers of brilliant colors. Best of this type I have grown. Seeds I offer have been carefully rogued. 15c pkt.

ATTENTION

Due to lack of room and insufficient stocks on hand we are not listing the New Seedless Muscat Grapes or the New Fragrant

Gladiolus developed here. We hope to be able to do so next year. Watch for announcements.

NEW DWARF PLUMED COXCOMB

Wonderful bedding plant and very easily grown. Creates mass of gorgeous 6" plumes of soft orange-red. Most unusual bedding and border plant we have grown in years. Requires full sun. Try this plant for something very unusual and beautiful. 25c pkt.

New Mexican Petunia—Beautiful new summer blooming annual growing 30" in height. Produces large flowers entire summer. Blossoms are violet blue in color. Flowers resemble large campanulas and are unusual in effect. Very hardy and easily grown in full sun or part shade. 25c pkt.

New Giant Flowered Hybrid Coxcomb "Miracle"—Flowers of coral rose, deep purple red, yellow, cream, orange and salmon shades. Showy annual producing enormous heads of unusual flowers. Very spectacular. New strain growing 24-48" high. Easily grown. 25c pkt.

Burbank's Crimson Morning Glory—Beautiful large blossoms of bright crimson. Very prolific bloomer. 25c packet.

New Hybrid Dwarf Phlox—Annual of easiest culture. Do not transplant. Height 12". Beautiful variety of colors. Very effective in masses. 25c pkt.

NEW SWEET CORN "ABUNDANCE"

This new sweet corn was first offered to the public in 1930. Reports from various sections throughout the country are very enthusiastic in its praise. After selecting and inbreeding the familiar Golden Bantam sweet corn for many years, the variety "Abundance" was produced. It is fully twice as productive as its parent, bearing 14-16 rows of kernels to each ear. The kernels are unusually large, and cobs are small. It is an early variety, and can be grown successfully where other varieties fail. 25c packet; 50c per pound; 10 pound lots at 35c per pound. Pound lots or more not prepaid.

Marigold "Dixie Sunshine" — A late blooming tall growing annual. Flowers 2" in diameter. Very double. Resembling a formal mum. Color pure gold yellow. 15c packet.

Echium Fastuosum—(Blue) Tower of Jewels. A magnificent perennial growing to 6 ft. Gorgeous 30-36" spikes of hundreds of bright violet blue fls. in the spring. Very Showy. Requires good drainage and full sun. 50c each. Seeds @ 25c per pkt.

SEEDS

"Orange Flare" Cosmos—Splendid new annual. Blooms in 90 days from seed. Flowers 2½" in diameter, and of a bright orange shade. 15c pkt. 3 for 35c.

Perennial Pea—Burbank strain. This variety is not surpassed in abundance, size flowers, length of stem, or variety of colors. 25c per packet.

Hibiscus "Manihot"—Annual. Produces very large canary yellow flowers with maroon centers. Blooms five to six inches across. Very beautiful and has long blooming season. 25c per pkt.

Mexican Tulip Poppy—Perennial. Blooms from May until frost. Canary yellow tulip shaped flowers with fluted edges. Flowers keep a week even when cut in mid-summer. Height 36". 25c pkt.

Plants last for two years. Give plenty of lime. One of the longest blooming and best of all for cut flowers.

New Hollyhock—Orange Prince—Very pleasing. Flowers are large and double. Color deep orange. Seeds 25c per pkt.

Convolvulus Minor—A beautiful dwarf bush type of morning glory seldom exceeding 15" in height. Flowers of deep gentian blue with contrasting white center. 25c packet. Very showy.

Delphinium—"Pacific Hybrids"—A vigorous long lived strain. Withstands warm summers much better than other forms. Flowers are single, semi-double and double. Colors range from sky-blue to mauve pinks and deepest indigo. Selected for hardiness as well as beauty. Seeds 50c per pkt. Strong plants @ \$1.50 per dozen.

New Hollyhock—(W. H. Henderson's Double Apricot Shades)—Large flowers up to 6" in diameter exquisitely blended shades of apricot orange on graceful stems 4-6 ft. long. Edges of petals lacinated and ruffled making a marvelous transformation of this popular flower. Seed 25c pkt.

New Larkspur "Cinnabar Cockade"—Richest brilliant rose-red in color. Plants are compact and symmetrical producing long spikes of double flowers. 25c pkt.

New Larkspur Giant "Sweet Lavender"—These flowers are of a rich blue-lavender with large fully double flowers. Extra fine variety. 15c per pkt.

New Larkspur "White King"—The very best of all white double flowered larkspur. 15c per pkt.

Columbine Hybrids—Wm. H. Henderson's hybrids. Long spurred flowers in a great variety of colors ranging from white to blues and rose shades. 20c pkt; 3 for 50c.

Dwarf Evergreen Hedge

Euonymus microphylla—A dwarf variety with small dark green foliage. Fast grower and very hardy. Makes a fine dwarf hedge for edging purposes. Plant a foot apart for best results. Strong plants, 5c each or \$3.50 per 100. Prepaid.

Teucrium chamaedrys—A beautiful evergreen rock plant. Reaches a height of 12 inches and is a bouquet of pink bloom all summer. Extremely hardy, holding its bright glossy green color in coldest weather. Foliage fragrant and will add beauty wherever low blossoming plants are desired. Without peer as a rockery or hedge plant. Drought resistant. Shear after blossoming. 6 to 8" at 25c. From flats @ 3½c each.

CHIMNEY BELLFLOWER

Campanula Pyramidalis—(Chimney Bellflower)—Magnificent spikes of flowers in lavender blue or pure white produced in long round racemes 3 ft. in length. It grows to 5 or 6 ft. Beautiful as a background and also in borders. Very hardy. 35c each; \$2.50 per doz.

UNUSUAL TREE ROSES

Rosa Bicolor—"Copper and Gold"—For something unusual, try this single rose. Brilliant copper-scarlet in color, and produces blossoms for more than two months in the spring. The most vividly colored rose to be found anywhere. Should be heavily pruned immediately after flowering. Budded to tree form this will make a very attractive specimen plant for the border. \$2.50. Not prepaid.

Rosa Bicolor—New "Pure Gold"—The most brilliant and deepest yellow of all roses. It does not fade. It is a true sunflower yellow. Grafted on 3½ ft. standards as a tree rose. Makes an unusually beautiful specimen shrub for the garden. \$2.50. Not prepaid. (First time offered.)

SEEDS

Shirley Poppy—"Wm. H. Henderson's Art Shades." Easily grown annuals embracing many orange, salmon and light and dark pink shades. Flowers are semi-double, and contain beautiful new color combinations, Packet 25c.

Centaurea cyaneus "Blue Boy"—A selected double flowered form of bachelor button. Deepest electric blue color. Height 3 feet. 15c per pkt.

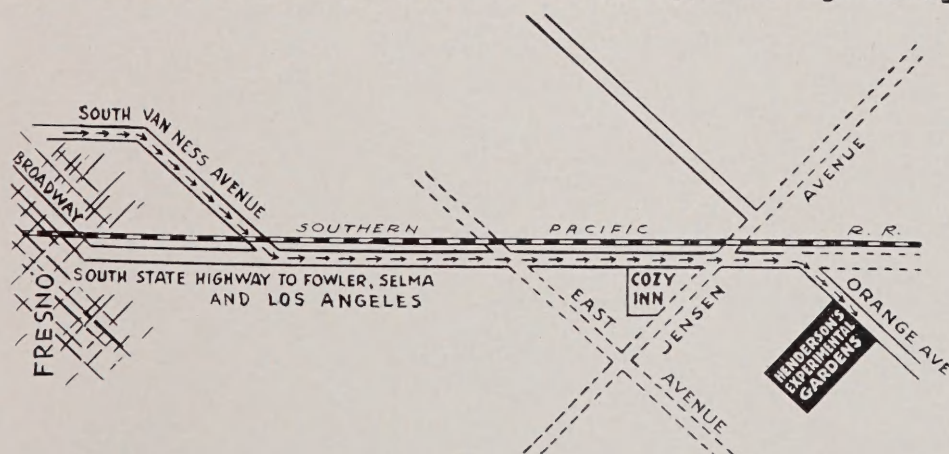

California Poppy "Scarlet Beauty"—Very effective for border and mass effect. Blooms most of the summer. A bed of these is more effective and lasting than a bed of tulips. 25c per pkt.

New Geraniums—"Golden Gate." Huge flowers brilliant copper orange overlaid scarlet. Best this color I have seen. 35c each.

Geranium—Double fld. like small roses. Deepest purple red. 35c each.

LOCATION

The gardens are on Orange Avenue, about one mile south of City limits of Fresno. Go south on Broadway or Van Ness until you reach the Golden State Highway No. 99. Continue driving south until you reach Orange Avenue, and turn to the right. (see sign on Highway at this point.) The

Gardens are one block from this sign to the southwest as shown on map below. Visitors always welcome.

AMERICAN IRIS

(Illustrated Above)

Beautiful Species and Hybrids

Violipurpurea — Deep claret purple with gold center. Hardy in the north. 3 feet. Plant July-October.

Vinicolor — Deep wine purple with gold center. Hardy. 3 feet.

Gigantea Coerulea—Bright violet blue. Flowers marked with yellow center. 4 feet. Hardy.

Fulva—Terra cotta or brick red. 36" in height.

After many years of hybridizing these Iris I have procured numerous and unusual combinations of colors. We are now offering them to our customers for the first time in mixed colors. These Iris look like large Dutch Iris but are produced on much longer stems (to 4 feet). Admirable as cut flowers. They should be left undisturbed for at least 5-6 years as they increase in beauty each season. I believe them to be the most graceful of all Iris.

SPECIAL COLLECTION of above types in mixed colors selected hybrids, \$2.50 per dozen. Special colors @ 50c each.

The above species are among the most beautifully colored iris ever seen. They are not excelled in color by any other type of iris.
